HelixCore

PERFORCE

What's New in Helix Core 2020.2

Helix Core securely manages all digital content – even large files – in a single repository, and delivers files quickly to large, distributed teams. Helix Core is more than a versioning engine – it also includes Helix Swarm for code review and collaboration and numerous apps and integrations. Perforce delivers productivity and security upgrades to Helix Core on a regular cadence. Below are the latest features in Helix Core 2020.1.

Release Version	2020.2	2020.1	2019.2 +
